

## TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each international business. Transporting industrial goods happens every day on our busy planet. Primarily innovated as industrial vehicles in the 1930s in America, lift trucks gained recognition after World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread globally.

In the year 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply known as TCM Corporation. Through the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation with the business. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes various models of industrial trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
