

## Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically triggers to dump whenever bumper release touches the side of a dumpster. As soon as unloading is completed, the hopper returns to an upright and locked position. This piece of equipment is even available with a cable which allows operation from the seat of the forklift in order to have the alternative of manually unloading the hopper. There is a locking chain provided so as to lock the hopper to the tire truck. This product is constructed with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper even has a blue powder coat finish in order to maintain durability.
